Sir:

A telephone interview was conducted with the Examiner concerning this application on April 6, 2009.

Only claim 75 was discussed.

The prior art discussed was Johnson and Kai, though not in any substantial detail.

First, the Examiner was requested to confirm that the Office Action mailed 3/9/2009 was a final rejection.

With respect to claim language, certain of the language in claim 75 was not discussed in detail in the Office Action.

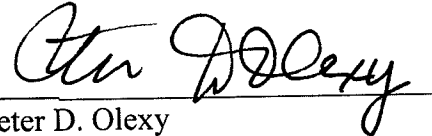

The Examiner was basically questioned as to whether expanding upon any of those limits might lead to allowable subject matter.
